

LTO associate survey 2021: MELCHERS has the happiest associates

"Everything but money" is the title of the Legal Tribune Online (LTO) associate survey 2021. Over 2,000 associates rated their employers in Germany's commercial law firm landscape - anonymously and thus unsparingly honestly. Numerous soft factors were asked in the survey. Where can you work internationally? Who offers the best training? In which law firm is the work-life balance rated as high? Who has the most fun in the office and off the paperwork?

We are glad that the interviewed associates not only made MELCHERS the overall winner in 2021, but also that the happiest associates work at MELCHERS and that they rate their work-life balance as the best.

Happy associates are the future of our firm, which is why good teamwork is part of MELCHERS' "firm DNA". This award is an incentive for us to continue improving and to offer a working environment in which all associates feel comfortable.

Thank you to all the associates who participated in the survey and helped MELCHERS achieve this top ranking.

LTO is one of the leading German-language online law magazines and belongs to Wolters Kluwer Deutschland GmbH.
