

Ally Law

Our Future Leaders Exchange program provides secondment opportunities for younger lawyers with another Ally member for one to three months.

YoungLeaders
Development Program

LEADERSHIP:

Acting now to chart the future.

Participants build international connections and engage in career training and professional development while increasing cultural awareness. This facilitates knowledge sharing now and in the future and helps create enduring relationships between Ally member firms.

The program is especially beneficial for members who have mutual clients, are in the same region, or have other common interests or goals.

The length of participation depends on the preferences of the host and sending firms. Generally, seconded lawyers do not engage in billable work for the host firm's clients. Expenses for housing the secondees are covered by the sending law firm.

HOW ARE PARTICIPANTS SELECTED

The sending firm selects potential participants based on merit and the existence of a common interest (for example, a mutual client or an interest in a certain region).
